

Product data sheet

Subminiature connectors

Product description	Push Pull Male panel mount connector, Contacts: 7, shieldable, solder, IP67, front fastened
Area	Push-Pull series 430
Part no.	09 4927 081 07

Technical data

General features

Part no.	09 4927 081 07
Connector design	Male panel mount connector
Version	Connector pin straight
Connector locking system	Push-Pull
Termination	solder
Degree of protection	IP67
Cross-sectional area	0.14 mm ² / AWG 26
Temperature range from/to	-40 °C / 85 °C
Mechanical operation	> 500 Mating cycles
Weight (g)	10.01
Customs tariff number	85369010
Country of Origin	DE

Electrical parameters

Rated voltage	125 V
Rated impulse voltage	1500 V
Rated current	1.0 A
Pollution degree	2
Overvoltage category	I
Insulating material group	II
EMC compliance	shieldable
Shield connection	Shield on the housing

Product data sheet

Subminiature connectors

Product description	Push Pull Male panel mount connector, Contacts: 7, shieldable, solder, IP67, front fastened
Area	Push-Pull series 430
Part no.	09 4927 081 07

Material

Contact body material	PUR/PA
Contact material	CuZn (brass)
Contact plating	Au (gold)
REACH SVHC	CAS 7439-92-1 (Lead)
SCIP number	70a12106-6bdf-434f-806a-52a4cb51de5f

Classifications

eCl@ss 11.1	27-44-01-09
ETIM 9.0	EC003569

Assembly instructions / Panel cut-out

Product description	Push Pull Male panel mount connector, Contacts: 7, shieldable, solder, IP67, front fastened
-	-
Area	Push-Pull series 430
Part no.	09 4927 081 07

Security notices

The connector must not be plugged or unplugged under load. Non-observance and improper use can result in personal injury.

The connectors have been developed for applications in plant engineering, control and electrical equipment construction. The user is responsible for checking whether the connectors can also be used in other areas of application.

Connectors which are used in circuits with voltages dangerous to the touch may only be installed and used by, or under the supervision of, persons with electrical engineering training, taking into account the applicable regulations and standards.

Plug connectors with enclosure protection IP67 and IP68 are not suitable for use under water. When used outdoors, the plug connectors must be protected separately against corrosion. For further information on the IP protection classes, please refer to the "Technical Information" download centre.
