Qoltec Receipt printer | voucher | thermal | USB | LAN

Product code: 50255

Qoltec receipt printer is a product made of high-quality materials. The direct printing method used will reduce the required working time, which will significantly affect the efficiency of your company. It's ideal for use in department stores, grocery stores, restaurants and many other places where receipt printing is necessary.

Professional solution for your company

Receipt printers are essential in **department stores, grocery stores, restaurants, supermarkets and all other places where receipt printing is necessary**. If quality is crucial in your work, it is a sign that you need a **trouble-free device**. Qoltec printers will help you significantly increase your work efficiency, regardless of whether you provide consumer services in a large shopping center or run a small hairdressing salon. Thanks to the use of the highest quality materials, they are durable and ready to work in all conditions.

Bet on quality

Qoltec receipt printer is the perfect solution wherever the speed and precision of printing a large number of receipts are important. Additionally, our product offers:

– maximum print speed of **250 mm/s**,

– **signaling the operating status –** thanks to the built-in LED diode,

– a connector Rj-11 that will allow you to connect a cash drawer,

– low operating costs – printing ribbon is cheap and readily available,

– **built-in guillotine –** two-sided incision of the receipt guarantees trouble-free tearing of the paper without damaging the printout

Thermal print out

Thanks to the direct printing method, which is highly sensitive to temperature, the device doesn't require ink or toner. Printouts are made immediately by heating the paper placed inside the printer.

Confidence confirmed by a warranty

You value the quality of purchased equipment so our projects and solutions are focused on meeting your expectations. Qoltec printers are covered by 24 months warranty.

Technical data

Producer	Qoltec
