

CC9094S Surface Mount iButton Reader

The CC9094S iButton reader is specially designed for drilling-free installation. The reader is intended for surface mounting on a panel or a dash board with a provided double-sided adhesive pad.

Feature:

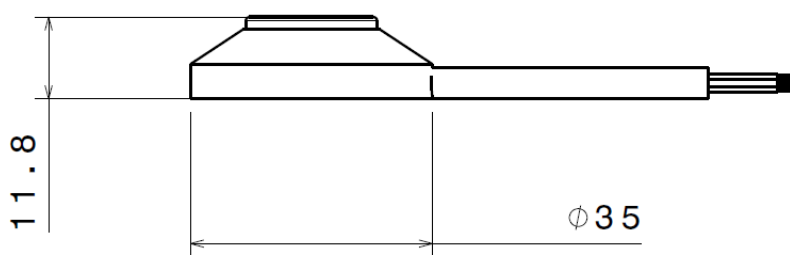

- Drilling-free installation, saving time (can be done in 30 seconds) and cost
- Compatible with all standard F5 iButtons (Both magnetic and non-magnetic type)
- Outer body made of Steel, all metal parts are chromium-plating
- Standard cable length 40 cm or can be customized

Application:

- GPS tracking devices / Driver authorization
- EPOS system / Cash registers
- Access control system

Diagram and Wiring:

- Brown wire: 1-wire data/signal
- Black wire: 1-wire GND

Technical Data

Model	CC9094S
Cable	2*0.2mm ² , 40cm length or customized
Fastening method	Double-sided adhesive pad
Weight	28g
Operating temperature	Min: -30 °C, Max: +85 °C
Storage temperature	Min: -40 °C, Max: +85 °C
