

Features

- Temperature limiter and self-regulation (PTC)
- Dynamic heating without electromagnetic interference
- Energy-saving and safe in operation
- Easy and quick to mounting
- Small dimensions

Specifications

- Surface temperature: 60°C
- Voltage supply: 230 V
- Heating element: thermistor PTC
- Heating body: aluminum profile
- Mounting: self-adhesive bottom
- Leads: 2x1,0mm² isolated leads
- Operating temperature: -20...70°C
- Heating capacity: 5W, 15W, 30W, 100W
- Models (Heating capacity, dimensions):
 - CV-H5 (5W, 21 x 35 x 5 mm)
 - CV-H15 (15W, 21 x 60 x 5 mm)
 - CV-H30 (30W, 21 x 100 x 5 mm)
 - CV-H100 (100W, 21 x 200 x 5 mm)
