

Crimp System Tool PEW 12

- Special crimping tool for crimping virtually any recent type of crimp connector
- Guarantees exact, solder-free electrical connections
- Parallel crimping jaw closing action
- Optimum leverage
- Forced-lock completion of crimping process to ensure reliable crimping results (with emergency release)
- User-friendly with ergonomic centre of gravity
- One- and two-handed operation
- Wide range of possible combinations

Art. No. 624 000 3

Art. No. 624 000 6

Low hand force is needed to generate a powerful crimping force (ratio 1:30). Parallel crimping jaw closing action guarantees an optimum crimp result.

Info

Several hundred types of crimping dies are now available for the PEW 12 system tool, as well as positioning guides for a wide range of applications.
