A SOLUTION DEDICATED TO YOU

We are as attached to electronic equipment as we are to a car. If we are satisfied with one brand, we remain faithful to it. It's the same with laptops. We often have 2 or 3 devices of one brand. It is compact and does not take up much space. However, several power adapters connected to many sockets look unattractive in our living room or office. The solution is a Qoltec Power adapter designed for Lenovo, which will be compatible with every Lenovo laptop thanks to 4 interchangeable plugs.
